About Dnyaan Prasad Global University(DPGU)

Dnyaan Prasad Global University (DPGU), part of the esteemed Dr. D. Y. Patil Unitech Society, where tradition meets innovation, and your path to success begins. With a legacy of nearly half a century, DPGU is a forward-thinking group of institutions dedicated to providing cutting-edge education. We have consistently nurtured future leaders, transforming students into professionals who shape the global landscape. In this digital age, we embrace technology to enhance the learning experience. Our digitally integrated platforms and innovative teaching methodologies offer students access to advanced resources, fostering creativity and collaboration.

Our curriculum is industry-driven, focusing on decision-making, analytical thinking, and disruptive innovation, ensuring our students are prepared for real-world business challenges. DPGU is also a hub for innovation and entrepreneurship, empowering students to turn ideas into impactful solutions. Through our incubation center, strategic partnerships, and global collaborations, we provide unparalleled opportunities for networking, professional development, and experiential learning. As we continue to evolve and adapt to global trends, DPGU stands at the forefront of transformative change in higher education, committed to shaping future leaders and making a lasting impact on society.

Our Vision

Transforming students' lives through industry-aligned curriculum, innovations, research and global collaboration for societal impact.

Our Mission

Commitment to Knowledge Creation and Dissemination: To generate, share, and preserve knowledge across disciplines, empowering our students and faculty members to address the world's most pressing challenges through innovation and collaborative efforts.

Rigorous Academic Education and Discovery: To provide education that combines rigorous academic study with the excitement of discovery, encouraging students and faculty members to explore new frontier knowledge and fostering intellectual curiosity.

Diverse & Stimulating Learning Environment: To foster a dynamic and inclusive campus community that supports intellectual growth, promotes diverse perspectives, and stimulates collaboration, enabling students and faculty to thrive in pursuing innovative solutions.

Fostering Leadership for Global Impact: To enthuse creativity, wisdom, and ethical leadership, empowering individuals to innovate, act effectively, and make meaningful contributions to humanity on a global scale.

Hon'ble Dr. Somnath P. Patil

Pro-Chancellor,
Dnyaan Prasad Global University

Dear Aspiring Graduates,

Education is the most powerful instrument for socio-economic growth. At Dnyaan Prasad Global University School of Management & Research (DPGU SMR), your journey is about more than a successful career, it is about building a better tomorrow for our nation.

Our mission is deeply rooted in ethical development and contributing to the economy. Our programs are designed with a multi-cultural and multi-disciplinary approach, ensuring you are equipped to navigate a globalized world with integrity and a broad perspective. We emphasize that true proficiency comes from marrying managerial rigor with a sense of social responsibility.

You will learn to make strategic decisions that are not only data-driven but also ethically sound and socially conscious. Join us in this pursuit of excellence with purpose, and let's work together to create a legacy of positive change.

Hon'ble Dr. Rohini S. Patil

Chief Operating Officer,
Dnyaan Prasad Global University

About School of Management & Research

Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is committed to revolutionizing management education in India, with a strategic vision to emerge as a premier business school. As an integral part of the esteemed DPGU, the school synergizes academic meticulousness with a dynamic learning ecosystem to nurture future leaders who can navigate the complexities of the global business landscape.

The school boasts state-of-the-art infrastructure and a distinguished faculty comprising accomplished scholars and industry practitioners, who collectively strive to deliver creative and industry-relevant management program that align with the evolving needs of the corporate world. By emphasizing experiential learning, the school enables students to acquire practical insights and develop strategic thinking skills, thereby empowering them to tackle complex business challenges effectively.

The curriculum at DPGU School of Management & Research is carefully designed to meet global standards, ensuring that students are equipped with the requisite knowledge and skills to excel in an increasingly competitive business environment. Furthermore, the school has established strategic partnerships with leading organizations, facilitating a seamless transition for students into the corporate world and providing them with a driven in their chosen field.

By nurturing a culture of innovation, critical thinking, and entrepreneurship, the school aims to equip students with the cognitive and behavioral competencies necessary to thrive in the rapidly changing business landscape. Aspiring to rank among the top-tier business schools in India, DPGU School of Management & Research remains steadfast in its mission to inspire excellence and shape the leaders of tomorrow, who can drive business growth, innovation, and sustainability in an increasingly globalized world.

Master Of Business Administration

MBA Program Overview

The Master of Business Administration (MBA) program at Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is designed to prepare future-ready managers and leaders for the dynamic global business environment. The program offers an industry-aligned curriculum with a strong emphasis on experiential learning, holistic personality development, and strategic thinking. A unique feature of the program is the dual specialization option, which enables students to gain multidisciplinary expertise and a strong competitive edge.

The program bridges the gap between academia and industry through corporate lectures, industrial visits, case-based learning, internships, and live projects. These pedagogical innovations ensure hands-on exposure to real-world business challenges. Skill-development initiatives, student clubs, and co-curricular activities further enhance employability, leadership skills, and professional confidence. Supported by on-campus residential facilities and a strong focus on return on investment, the MBA program delivers a comprehensive and value-driven learning experience.

DPGU SMR also promotes innovation and entrepreneurship through its dedicated Entrepreneurship Support Cell, encouraging students to transform ideas into viable business ventures. By combining academic rigor, practical exposure, and entrepreneurial orientation, the MBA program nurtures professionals capable of making meaningful contributions in diverse business domains.

Specializations Offered

First Specialization

- ⦿ Marketing Management
- ⦿ Financial Management
- ⦿ Human Resource Management
- ⦿ Operations and Supply Chain Management
- ⦿ Business Analytics

Second Specialization

- ⦿ Marketing Management
- ⦿ Financial Management
- ⦿ Human Resource Management
- ⦿ Operations and Supply Chain Management
- ⦿ Business Analytics
- ⦿ Digital Marketing
- ⦿ Entrepreneurship and Innovation Management
- ⦿ International Business Management

First Specialization Options

Marketing Management

Marketing Management is ideal for students aspiring to build careers beyond conventional roles. This specialization focuses on connecting consumers, brands, and businesses through strategic insight and creative thinking. Students gain a deep understanding of consumer behavior, market dynamics, and value creation, enabling them to design tailored products and services. The specialization develops analytical, communication, and strategic skills essential for becoming effective business and marketing leaders.

Financial Management

Financial Management equips students with a strong foundation in managing money, assets, investments, budgeting, and financial decision-making at individual, corporate, and governmental levels. The specialization prepares students for roles such as investment banker, financial analyst, and financial advisor. With strong analytical and problem-solving skills, graduates are well-positioned to support long-term organizational growth and make sound strategic financial decisions.

Human Resource Management

Human Resource Management focuses on aligning human capital with organizational strategy to achieve sustainable performance. Students learn strategic approaches to recruitment, training, performance management, and employee development. The specialization builds leadership capabilities, stakeholder management skills, and organizational insight, enabling graduates to contribute to competitive advantage through effective people management.

Operations and Supply Chain Management

The Operations and Supply Chain Management specialization prepares students to manage and optimize business processes in a fast-paced global marketplace. It covers operations strategy, supply chain analytics, process improvement, inventory management, global logistics, sustainability, and technology integration. Graduates are equipped to handle complex operational challenges across industries such as manufacturing, retail, healthcare, and e-commerce, driving efficiency and organizational transformation.

Business Analytics

Business Analytics is designed for the data-driven economy, enabling students to transform data into actionable insights. The specialization emphasizes data visualization, predictive modeling, and decision analytics using advanced tools and techniques. Graduates develop the ability to analyze complex datasets, forecast trends, and support strategic decision-making, positioning themselves for high-impact roles across industries in the analytics-driven business landscape.

Second Specialization Options

Digital Marketing

Focuses on online branding, performance marketing, social media, and digital consumer engagement.

Entrepreneurship and Innovation Management

Develops entrepreneurial mindset, startup management skills, and innovation-led business strategies.

International Business Management

Prepares students for global careers by focusing on international trade, cross-cultural management, and global business strategies.

ADMISSIONS

2026**

Program Highlights:

MBA Programme:

- Early Specialization & Industry-Aligned Career Pathways
- Case-Based Learning
- Employability Programme, AI/ML & Emerging Skills Focus
- Leadership Development, Ethics & Sustainability
- Industry-Driven Curriculum & Value-Added Certifications
- Experiential Learning through Projects, Internships & Industrial Exposure
- Strong Industry Interface, Career Mentoring & Placement Support
- Value Addition Certifications

MBA Fintech Program Overview

The MBA in Fintech at Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is a specialized 2-year full-time program focused on Financial Technology. It combines traditional financial principles with advanced technologies like blockchain, cryptocurrency, AI, ML, and big data. The curriculum emphasizes strategic problem-solving and practical, hands-on training. Students gain insights into fintech innovations and the global financial ecosystem. The program prepares industry-ready professionals to tackle modern financial challenges.

Specializations Offered:

First Specialization:

Fintech

Second Specialization:

Marketing Management
Operations Management

Program Highlights:

- Early Specializations
- Industry-Driven Fintech Curriculum (Finance + Technology + Analytics)
- Value-Added Certifications
- Experiential Learning through Live Fintech Projects & Simulations
- Data-Driven & Case-Based Learning in Banking and Financial Services
- AI/ML, Blockchain & Emerging Fintech Applications
- Strong Placement Support in Fintech, Banking & Financial Services

○ MBA – Pharmaceutical Management

The MBA in Pharmaceutical Management at Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is a two-year program that integrates pharmaceutical sciences with business management. It provides in-depth knowledge of drug development, regulatory affairs, supply chain management, and marketing strategies. Students specialize in Pharmaceutical Management with options for a minor in Marketing or Operations. The programme combines theory with practical exposure through case studies and industry projects. Graduates are prepared to become strategic leaders in the rapidly growing pharmaceutical sector.

Specializations Offered:

First Specialization:

Pharmaceutical Management

Second Specialization:

Marketing Management

Operations Management

Program Highlights:

- Early Specialization
- Industry-Oriented Curriculum for Pharma, Healthcare & Life Sciences
- Value-Added Certifications in Pharma & Healthcare Management
- Experiential Learning through Hospital Visits, Fieldwork & Live Projects
- Case-Based Learning in Pharmaceutical & Healthcare Scenarios
- Research Exposure in Pharma Strategy, Healthcare Policy & Market Access
- Dedicated Placement Support in Pharma, Healthcare & Hospital Management

MBA – Agribusiness Management

The MBA in Agribusiness Management at Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is a two-year program focused on developing leaders for the agricultural and allied sectors. It blends core management principles with specialized knowledge in agribusiness, food production, supply chain, and rural development. The curriculum builds strategic thinking, analytical skills, and a strong understanding of the agribusiness ecosystem. Students explore key issues such as sustainability, technological advancements in farming, and global agricultural trade. Through case studies, field projects, and industry interactions, they gain practical exposure to real-world challenges. Graduates are prepared to lead agribusiness enterprises, drive innovation, and contribute to policy and consulting roles.

Specializations Offered:

First Specialization:

Agribusiness Management

Second Specialization:

Marketing Management
Operations Management

Program Highlights:

- Industry-Driven Agribusiness Curriculum & Rural Market Focus
- Value-Added & Specialization-Specific Certifications
- Experiential Learning through Rural Immersion & Live Projects
- Case-Based Learning in Agribusiness & Policy Scenarios
- Employability Development & Agri-Data Skills
- Research Exposure in Agri-Value Chains & Sustainability
- Dedicated Placement Support in Agri-Corporates & Rural Banking

Masters In Computer Application (MCA)

The Master of Computer Applications (MCA) program at Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is a comprehensive two-year postgraduate course designed to develop skilled IT professionals. It prepares students to meet the demands of the rapidly evolving technology landscape. The Program provides in-depth knowledge of computer science, programming, and software development. It emphasizes strong analytical thinking and problem-solving abilities.

The curriculum covers advanced areas such as artificial intelligence, data science, cloud computing, software engineering, and cybersecurity. Students gain practical exposure through hands-on lab sessions and live projects. Internships and industry collaborations ensure real-world experience and career readiness. This program is ideal for aspiring professionals aiming for successful careers in software development, IT consulting, data analytics, and other technology-driven fields.

Specializations Offered:

First Specialization:

Data Science
Cyber Security

Second Specialization:

Full Stack
Blockchain

Program Highlights:

- Specializations from Semester II enabling focused learning in Software Development, Data Science, Cloud Computing, Cyber Security, Artificial Intelligence, Blockchain, and Full-Stack Technologies.
- Industry-Aligned Curriculum
- Value-Added Certifications as per latest Industry trends.
- Structured Skill Enhancement & Employability Program
- Focus on Innovation & Entrepreneurship.
- Experiential Learning Framework through live industry projects, hackathons, coding challenges and capstone projects.

Bachelor of Business Administration (BBA)

The Bachelor of Business Administration (BBA) program at Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is a three/four- year undergraduate Program designed to provide students a strong foundation in business principles and practices. With dual specializations in Marketing Management, Financial Management, and Human Resource Management, the Programme is tailored to meet the diverse needs of the global business environment.

The curriculum combines theoretical knowledge with practical learning through case studies, internships, projects, and industry interactions. It equips students with the analytical, managerial, and entrepreneurial skills necessary to excel in the competitive business world. The Programme prepares students for leadership roles and entrepreneurial ventures while offering a pathway to higher education such as an MBA.

Specializations Offered:

First Specialization:

Marketing Management
Financial Management
Human Resource Management

Second Specialization:

Marketing Management
Financial Management
Human Resource Management

Programme Highlight:

- Strong Foundation in Core Business Disciplines
- Industry-Oriented & Practice-Focused Curriculum
- Value-Added Certifications & Skill Enhancement
- Experiential Learning through Projects, Internships & Fieldwork
- Case-Based & Activity-Driven Pedagogy
- Employability, Leadership & Ethical Development
- Dedicated Internship & Placement Support

○ Bachelor of Computer Application (BCA)

The Bachelor of Computer Application (BCA) program at Dnyaan Prasad Global University School of Management & Research (DPGU SMR) is a three/four year undergraduate Program designed to develop skilled IT professionals equipped to thrive in the fast-paced world of technology. The Programme offers a strong foundation in computer science and application development, focusing on modern programming languages, software engineering, database management, and emerging technologies.

This Program is ideal for individuals aspiring to build a career in software development, web and mobile application development, IT consulting, or related fields. It combines theoretical knowledge with practical experience through lab work, projects, and industry internships, preparing students for both the workforce and advanced studies such as an MCA or specialized certifications.

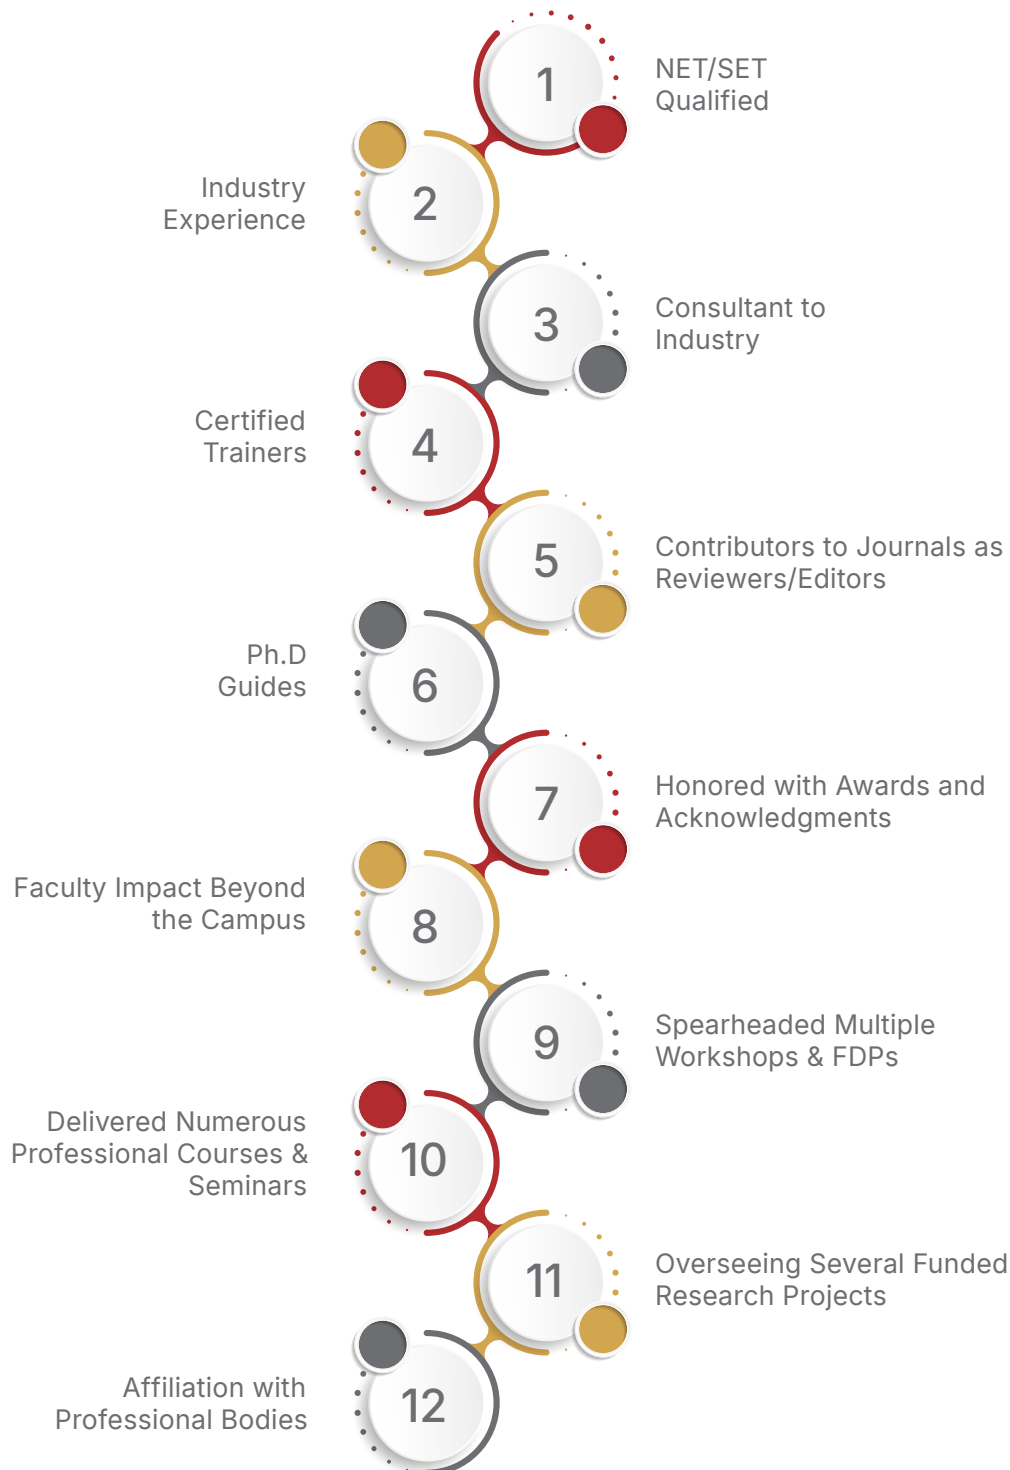

Program Highlights

- Industry-Aligned Curriculum
- Specialization based Curriculum
- Strong Foundation in Computer Science & Applications.
- Value-Added Certifications from the industry specific requirements
- Structured Skill Development Program
- Experiential Learning Framework
- Exposure to non-coding careers in digital marketing, multimedia, UI/UX fundamentals, & IT-enabled services.
- Career-Focused Learning Approach preparing students for entry-level IT roles, freelancing, startups, & entrepreneurship.
- Dedicated Internship & Placement Support & Higher Education Pathways
